FOUR STEPS FOR YOUR SUCCESS

STEP 1 Identify your innovations

Examine your company's product and project portfolio. Look for innovative products or projects with high added-value for users and customers.

STEP 2 Registration

Before submitting any application, you need to register first. Online registration is possible all year, non-binding, and free of charge. Once you have registered, we will keep you updated about all important information and deadlines. After registering, you have the possibility to submit and edit your applications during the submission period. If you have already registered for the AWARDS before, you can reuse your login data.
