FOUR STEPS FOR YOUR SUCCESS

STEP 1 Identify your innovations

Examine your company's product and project portfolio. Look for innovative products or projects with high added-value for users and customers.

STEP 2 Registration

Before submitting any application, you need to register for the AWARD Portal first. Online registration is possible all year, non-binding, and free of charge. Once you have registered, we will keep you updated about all important information and deadlines. After registering, you have the possibility to submit and edit your applications during the submission period. If you have already registered for The smarter E AWARD before, you can reuse your login data. → Register now

STEP 3 Preparation

You would like to know how to be successful with your AWARD application or the questions that need to be answered for a submission in advance? If yes, then have a look at our factsheets, which are a great preparation support for your AWARD application:

→ Tips for a successful application
→ Outstanding Projects questionnaire
→ Photovoltaics questionnaire
→ Energy Storage questionnaire
→ E-Mobility questionnaire
→ Smart Integrated Energy questionnaire

STEP 4 Application

After you have registered for the Award Portal and reviewed the terms & conditions, application tips and questionnaires, you can now submit one or more applications for the AWARD in the AWARD Portal.

→ Terms and conditions
→ To the Award Portal
